Orders:

1. In the Govt. order read above, the Govt. ordered that the secondary school leaving certificate of Kerala, Karnataka and Andhra Pradesh issued after 10 years school course with eligibility for admission to the college course in their respective states with not less than 35% of marks in each of the five subjects either in one or more sittings from 1973 be recognised as equivalent to the 10 years secondary school leaving certificate of Tamilnadu for purpose of minimum General Educational qualification for employment under this Government.

2. It has been represented that a number of persons who passed the Secondary School leaving certificate (10 years) of Kerala, and Karnataka prior to 1973 were recruited to Govt. service and the services of these persons were regularised by relaxing the relevant service rules with effect from the date of regularization which results in a great loss to them. It has further been stated that there were more than five subjects in the SSLC of Karnataka prior to 1970. Hence with a view to afford benefits to persons who passed the SSLC (10 years) Kerala, Karnataka and Andhra Pradesh prior to 1973 and to persons who passed the SSLC of Karnataka State prior to 1970, who studied more than 5 subjects in SSLC it has been requested to issue necessary amendment to the effect that the orders issued in the G.O. read above shall be made applicable to persons who passed 10 years SSLC of Kerala, Karnataka and Andhra Pradesh either in one or more sitting prior to 1973 and that the five subjects referred to in the Govt. order may be considered any five of the subjects with not less than 35% of Marks in respect of persons who passed the 10 years SSLC of Karnataka State prior to 1970 with more than 5 subjects in Secondary School Leaving Certificate.

3. The Government have examined this request in detail in consultation with Tamilnadu Public Service Commission. The Government accordingly issued the following orders in modification of the orders issued in para 2 of the Govt. order read above:-
